
Editorial Note

Thanks to all the contributors, we received high number of abstracts in diverse disciplines for RISTCON-2019. All of them were initially screened by the editorial board for novelty and plagiarism. Then each abstract was sent to two experts in the relevant field, serving in different universities/research institutes, for a double blind review. In cases where the decisions by the two reviewers were remarkably different, the abstract was sent to a third reviewer. Final decision was taken by the Editorial board by considering the decisions as well as comments made by all reviewers. We believe that, this process has ensured a high standard of the publication through a quality and unbiased review.

However, the responsibility for the content and the message of each publication remains with the respective authors. No part of this serial publication will be reproduced by any form. When citing the abstracts published, this serial publication can be referred as 'Proceedings of the 6th Ruhuna International Science and Technology conference, Faculty of Science, University of Ruhuna, Matara, Sri Lanka'.
