

**Tropical Agricultural Research and Extension**

Volume 7, 2004

**CONTENTS***Review Articles*

- N -Nitrosocompounds (NOCs): As chemohazards in muscle foods** 1-12  
Krishna Prasad Rai, R A U J. Marapana, Chunhui Zhang and Wenshui Xia
- Mating behavior in honeybees (Genus *Apis*)** 13-28  
Nikolaus Koeniger and Gudrun Koeniger
- Rice diseases - problems and progress** 29-48  
S N de S Seneviratne and Premala Jeyanandarajah
- Protein cross-linking in food by microbial transglutaminase (MT Gase) and its application and usefulness in food industry** 49-61  
R A U J Marapana and Bo Jiang

*Research Articles*

- Use of effective micro-organism (EM) and urea in accelerating the decomposition of rice straw** 62-68  
H M I K Herath, W M D B Wickremasinghe and R B Mapa
- Effect of fertilizer application in nursery for elite seedling production of Pungam (*Pongamia pinnata* L. Pierre)** 69-71  
R Jerlin and K K Vadivelu
- Quality of papaya variety 'Rathna' as affected by post harvest handling** 72-78  
K H Sarananda, S T Balasuriya and K Ganeshalingam
- Effect of depodding and light intensity on soybean (*Glycine Max* (L) Merrill) in South West Nigeria** 79-87  
F O Odeleye, A O Togun and T O Tayo
- Effect of cold storage on postharvest keeping quality of *Gloriosa* (*Gloriosa superba* L.) flowering stems** 88-94  
Mala P Hettiarachchi and J Balas
- Effect of acorn collection procedure and their characteristics on germination and early seedling growth in ban oak (*Quercus leucotrichophora* A. Camus) in Tehri Garhwal region of Uttaranchal, India** 95-102  
Virendra Singh and S K Lavania

<b><i>Cymbopogon citratus</i> (lemon grass) and citral a+b spray treatments alone or in combination with sodium bicarbonate in controlling crown rot in embul banana (<i>Musa acuminata</i> AAB)</b>	<b>103-111</b>
Krishanthi Abeywickrema, Lalith Kularathna, K H Sarananda and D Abeygunawardena	
<b>A comparative study of the involvement of men and women farmers in improving farmers' participation in adoption of extension recommendations in Benue Nigeria</b>	<b>112-117</b>
C P O Obinne and E E Idu	
<b>Biochemical composition of Soursop fruit, <i>Annona muricata</i> L., as affected by two harvest seasons</b>	<b>118-125</b>
C O Omoifo	
<b>Marketing of Banana in some selected districts of India</b>	<b>126-133</b>
Vinod Wanjari and M S Ladaniya	
<b>A study on the development and implementation of enrichment planting in Peninsular Malaysia</b>	<b>134-143</b>
Pakhriazad Hassan Zaki	
<b>Artificial ripening to reduce the post harvest losses of Avocado</b>	<b>144-149</b>
K H Sarananda, U N G C Kumari, J P Eeswara and R M N D Rathnayake	
<b>Existence of <i>Fusarium nygamai</i> in the southern region of Sri Lanka and a key for their characterization</b>	<b>150-154</b>
W P Sapumohotti	
<b>Effects of seedbed types on yield of White Guinea Yam (<i>Dioscorea rotundata</i>) minisetts in Makurdi, Nigeria.</b>	<b>155-160</b>
M O Ijoyah	
<b><i>Short Communication</i></b>	
<b>Standardising methods of quick viability test for Pungam (<i>Pongamia pinnata</i> L. Pierre) seeds</b>	<b>161-163</b>
R Jerlin, K Vanangamudi and R Rajasekeran	
<b><i>Instructions to Contributors</i></b>	<b>164-167</b>
