Preface	II
Keynote Address	III
Inhibition of growth of antibiotic-resistant <i>Staphylococcus</i> sp. and <i>Proteus</i> sp. by mangrove plant extracts Abeysinghe P.D., Wijesekara D. and Pathirana R. N.	1 - 9
Cobra-repellent activity of <i>Eryngium foetidum</i> L. (Andu) and <i>Aquilaria agallocha</i> (Agil) Indurugalla, D., Wimalaratne P.D.C., Bandaranayake L.D.R.M., Bodhipala, D.G.S.C. and Attanayake, A. P.	10 - 13
The role of pondweed ( <i>Potamogeton</i> spp) beds as an important micro-ecosystem in Embillakala lagoon of Bundala National Park; A Ramsar wetland in Sri Lanka Chandana E.P.S., Amarasinghe N.J.De.S. and Samayawardhena L.A.	14 - 22
Suppression of Collar-rot caused by <i>Sclerotium rolfsii</i> Sacc. in chilli by antagonistic bacterial treatments Abeysinghe, S.	23 - 28
Development of a rainfall forecasting model for Sri Lanka using artificial feed-forward neural network Dharmaratna, W.G.D. and Premarathna L. D.	29 - 36
A preliminary study of the utility of sequences from two mitochondrial protein coding genes for phylogeographic studies of marron ( <i>Cherax cainii</i> ) from southwest of Western Australia. Munasinghe D.H.N, Burr ridge C.P, Whisson G and Austin C.M	37 - 48
Changes of the mangrove cover of Rekawa lagoon, Sri Lanka, over a 38-year period: mitigating the significance of a surface increase Hettiarachi, S. and Jayatissa, L. P.	49 - 60
Population dynamics of <i>Oreochromis mossambicus</i> , <i>Oreochromis niloticus</i> and their hybrids/ introgressed individuals in three reservoirs of Sri Lanka De Silva, M.P.K.S.K.	61 - 69
On rare events in T Cell activation Wedagedara, J.R.	70 - 84
