

University of Ruhuna- Faculty of Technology
Bachelor of Biosystems Technology Honours Degree
Level 4 (Semester II) Examination, November 2025
Academic year 2023/2024

Course Unit: TCS 4232 - Active Citizenship Duration: One and half (1 and 1/2) hours

Instructions to candidates (Please read carefully)

- 1) The question paper contains **three (03)** questions.
- 2) Answer **all** questions.
- 3) Answers should be in English, in the booklets provided.
- 4) Total marks: 100.
- 5) Number of pages: **Two (02)**.

Question 1

Active Citizens bring individuals together and empower them to enhance their skills and knowledge to create more resilient communities. Therefore, the role of an active citizen is crucial in fostering the growth and development of society.

As a graduate who has completed the Active Citizenship course module, describe how you can apply the knowledge and skills gained to serve and support your community.

(20 marks)

Question 2

Our society is made up of many cultures and subcultures. Identify **two (02)** main subcultures that you are part of, and explain how these different cultural influences have helped shape your personal identity.

(20 marks)

Question 3

Many families in our community, specially low-income households, struggle to access fresh fruits and vegetables. This limited access contributes to several problems within the local community.

- a) Create a problem tree that identifies the main causes and effects of this community issue. (15 marks)
- b) Develop an objective tree that shows the desired outcomes and solutions for this issue. (15 marks)
- c) Identify **five (05)** key stakeholders or parties who could be involved in implementing this project. (15 marks)
- d) List and describe **three (03)** specific actions that could be carried out as part of this project to improve community health and nutrition. (15 marks)
